Dermol DGDIS	Polyglyceryl-2-Diisostearate	Alzo International	5
Bernel Ester TCC	Tricaprylyl Citrate	Alzo International	10
Covapearl Antique 236	Titanium Dioxide (and) Mica	Sensient	0.5
Covapearl Pink 433	Mica (and) Titanium Dioxide	Sensient	0.5
<b>Total</b>			<b>100.0</b>

*\*proposed INCI*

**Manufacturing Procedure**

- 1) Mix and melt oils and waxes to 80° C.
- 2) When homogeneous, pour into lip gloss pots.

**Alzo Ingredient Benefits**

**Beantree** – light & dry, 100% naturally-derived ester with a silicone-like feel

**Dermol MBDD** – naturally-derived polymer from mango butter & rapeseed oil; high shine and great for retaining moisture

**Marrix SF** – body melting ester that adds creaminess to the formula application, but has a light after-feel
