**Manufacturing Procedure:**

- 1) Mix and melt the waxes and oils.
- 2) Add the colorants. Mix until homogeneous.
- 3) Pour into mold at approx. 85-90° C.
- 4) Fill into components.

**Alzo Ingredient Benefits:**

**Beantree** – light & dry, 100% naturally-derived ester with a silicone-like feel

**Dermol MBDD** – naturally-derived polymer from mango butter & rapeseed oil; high shine and great for retaining moisture

**Trivent OC-G** – naturally-derived saturated triglyceride with very low viscosity and silky after-feel
